**90 / 100 Wine Enthusiast**

**JH Collection** offers comprehensive wine brand consulting, from viticulture and winemaking to sales, marketing and business administration. Jean and his team of seasoned wine professional will provide the management and support necessary to launch and grow a successful wine brand.

**Jean Hoefliger** is a **Consulting Winemaker** that believes in creating wines that have character, soul and balance. Jean's expertise, experience and passion provide the relationship and infrastructure to build a world-class brand from the ground up.

Jean Hoefliger was born and raised in Switzerland. His initial experience took him from Switzerland to Bordeaux, and South Africa, making wine at the esteemed estates of Chateau Lynch-Bages, Chateau Carbonnieux, and Meerlust.

Completing a winemaking and viticulture degree at the Swiss federal school of Changins, Jean came to California where he spent five years as winemaker for Newton Vineyard.

After Jean's time at Newton, he was approached by a new project, **Alpha Omega**, to build a brand as **Winemaker** and **General Manager**. This opportunity gave Jean the ability to solidify and build relationships with the top growers in Napa Valley. Alpha Omega also gave Jean the experience growing a Direct to Consumer business with distribution nationally.

In **2005**, Jean began working as a **Consulting Winemaker** for different wineries and chateau's in different parts of the world - from Napa Valley to Switzerland to Italy. The brands include Clark Claudon, located on Howell Mountain; Decades 5, a 100% Petit Verdot from Stagecoach Vineyard; Armanino Family Cellars, which has Pinot Noir's from Santa Lucia Highlands, Russian River and Santa Rita Hills, as well as Cabernet from Napa Valley; Speratus, a small production winery whose proceeds go to fund scholarships to De La Salle High School; Monteverro, an Italian Chateau located on the southern tip of Tuscany with their inaugural release in 2008; and Zanolari Wines, a Swiss project making Pinot Noir and Valtellina;

**The Debate**, three single vineyard 100% Cabernet Sauvignon's from Beckstoffer Missouri Hopper, To Kalon and Dr. Crane; Michel Rolland's first Napa Valley wine, MR; Red Hawk Tail a Cabernet Sauvignon from Mt Veeder in Napa Valley; Sunshine Valley a Cabernet Sauvignon located in Oak Knoll District in Napa Valley; and V. Vineyards & Audace wines, single-vineyard Cabernet Sauvignon from the Sonoma County side of Spring Mountain. Jean's passion, knowledge, scientific training and innate ability put him in a unique position to take the best grapes around the world and transform them into wines worthy of world class standing.

## THE TREE VINEYARD COLLECTION

### 2013 Missouri Hopper Vineyard, Yountville

Missouri Hopper is a spectacular vineyard situated in the hourglass of the Napa Valley, which gives it a cooler climate than neighboring To Kalon Vineyard due to the influence of the bay. Missouri Hopper yields Cabernet Sauvignon that has a balance of ripeness and power with finesse and elegance. We believe this is one of the most exceptional sites Napa Valley has to offer.

### 2013 To Kalon Vineyard, Oakville

Nestled at the edge of the Mayacamas Mountains in the center of Napa Valley, To Kalon receives just enough morning fog and full day sun to produce Cabernet Sauvignon grapes with complex layers of cassis, wild berries, licorice and spice. Firm, well-integrated tannins support these rich flavors.

### 2013 Dr. Crane Vineyard, St Helena

Dr. Crane is situated on the west side of St Helena which has gravelly loamy soils and a very warm climate. Of all the sites, Dr. Crane is the warmest, and has the most extracted style. Because of this the wine has a very rich and velvety palate with candied fruit on the finish.

**The Debate Cabernet Sauvignon Beckstoffer Dr. Crane Vineyard"**

"The 2013 Cabernet Sauvignon Beckstoffer Dr. Crane again reveals Graves-like, smoky barbecue notes intermixed with wet stones, blueberry and blackberry fruit, a full-bodied opulence, and a sexy, lusty mouthfeel, and to me, the most complexity of any of these wines. There's something about this vineyard that just seems to hit all the sweet spots on my palate, so I adore just about everybody's wine that comes from this source. According to Jean Hoefliger, "Dr. Crane has the sexiness and softness of Marilyn Monroe and the eloquence of Mahatma Gandhi." (As you can imagine, Hoefliger is never short of whimsical statements.)

*96 / 100 Robert Parker*

**The Debate Cabernet Sauvignon To Kalon "**

"The ever-humorous and clever Jean Hoefliger says about the 2013 Cabernet Sauvignon Beckstoffer To Kalon, "It has the complexity and depth of Sigmund Freud and the integrity of Abraham Lincoln." Perhaps my tasting notes can't say it much better than that. It's a prodigious Cabernet Sauvignon with notes of charcoal embers integrated with blueberry, blackberry and cassis, some lead pencil shavings, unsmoked cigar tobacco, and a massive, full-bodied mouthfeel with incredible purity, structure and intensity. Forget it for 4-5 years and drink it over the following 30+

**The Debate Cabernet Sauvignon Beckstoffer Missouri Hopper Vineyard"**

"The 2013 Cabernet Sauvignon Missouri Hopper, which comes from another Oakville Beckstoffer Vineyard, is spectacular. Opaque purple in color, the wine offers up notes of white chocolate, blackberry and cassis, some subtle background oak, rich, foresty notes, a full-bodied, opulent texture, and terrific purity and overall harmony. It is young and tightly coiled, but this is a stunner that should evolve beautifully for 25-30 years.
